CURRENT PROJECTS

1. *Expanding LARC in Rural TN and KY*. This project is a collaboration with a women's health clinic and a grassroots organization to provide sexual and reproductive health education and long-acting reversible contraceptives (LARC) to the rural middle Tennessee and western Kentucky region. Educational materials and workshop will be developed and delivered by the grassroots organization and LARCs will be offered by the clinic providers. Data will be collected to provide insights into attitudes, behaviors, barriers, and knowledge. Program planning phase.
2. *Development and evaluation of family life curriculum for CMCSS*. PI: Kristen Brewer. Co-PIs: Marilyn Gardner, Susan Eagle. This project is designed to develop and evaluate curriculum aimed at addressing sexual health education in a middle TN school district. Status: Analyzing and reporting data phase.
