Significant Administrative Accomplishments & Responsibilities at Simmons University:

- Awarded \$645,000 grant from Henry Luce Foundation to fund Clare Booth Luce Scholar program in School of Sciences and Health Professions. Co-authored grant with Lori Friedman, VP of Development to fund scholarships for multiple 3+2 engineering students and one professorship.
- Organized, conceptualized and launched new academic structure as part of University wide re-organization, the School of Sciences and Health Professions.
- Management and oversight of a combined \$3.2 million FY23 and FY24 budgets.
- Collaborating with Simmons Institutional Offices of Capital Giving, Development and Advancement on data collection, needs assessment, strategic opportunities, and viable targets for major gifts, grants, and philanthropic initiatives.
- Designed and organized undergraduate STEM academic programs, extracurricular events, external funding initiatives and faculty effort into an integrated and Comprehensive STEM Education Program.
- Assist with and ensure proper implementation and administration of ongoing and active research grants from internal (SURPASS, UG Research & Creative Endeavors) and external agencies (Heinz Foundation, George I. Alden Trust, Sherman Fairchild Foundation, NSF, HHMI and NSF). To date, have been an instrumental part of securing over \$372,000 in new and continued funding for various programs under my direction.
- Conducted internal self-study of HPE PhD program to assess curriculum content, program objectives and strategic opportunities for growth and improvements.
- Created and implemented micro certificate in Health Professions Education to increase enrollment and revenue production in our HPE program. Certificate will soon be offered to multiple cohorts of nurses in Bangladesh as part of long-standing nursing education program with public and private healthcare partnerships in Bangladesh with the Kumudini Organization, the Ayat College of Nursing and Health Sciences, and Massachusetts General Hospital
- Co-managed and co-coordinated 2021-22 comprehensive move of all 8 academic units into newly renovated building, including laboratories, practical space, classrooms, storage, and faculty offices.
- Assisted with successful ACEND re-accreditation self-study for Didactic Program in Dietetics and Dietetic Internship Programs
- Assisted with successful ABAI re-accreditation self-study for MS in Behavior Analysis Program
- Reconceived and implemented new management model in Department of Physical Therapy to address workload inequities and enhance management and leadership.
- Initiated college wide community service program with The Fenway School, Boston MA to provide local service and interprofessional educational programs.
- Reorganized and refocused CNBHS Interprofessional Task Force to better align purpose and mission with institutional resources and intentions.
- Reconfigured CNBHS Academic Appeals Committee to streamline process, purpose, and mission.
- Conducted extensive analysis of faculty workload, course scheduling and curricular alignment to reduce costs in direct units and streamline operations, moving towards greater curricular efficiency.

- Researched and wrote extensive multipronged strategic plan for enhancement and growth of our STEM programs, working towards collaborative partnerships and funding opportunities with local life science, biomedical and STEM industries, and organizations.

2005-2021

Ithaca College, Ithaca NY

Professor, Department of Exercise Science & Athletic Training, 2018 – 2021

Associate Professor, Department of Exercise Science & Sport Sciences, 2012 – 2018

Assistant Professor, Department of Exercise Science & Sport Sciences, 2005 – 2012

Director, CAATE Accredited Athletic Training Education Program, 2005 – 2021

Significant Administrative Accomplishments:

- Overall, 16-year, 98% first-time BOC examination pass rate & 99% job, graduate school or professional school placement rate for program graduates.
- Annually, 3.3 athletic training students awarded NYSATA, EATA or NATA undergraduate scholarships.
- Created and operated ongoing international exchange program with Athletic Therapy degree program at Institute of Technology, Carlow (Ireland)
- Created and operated *EquAT and InclusivAT* extracurricular program for AT students and faculty to increase cultural humility and critical consciousness.
- Increased students of color in program from <5% to 32% through targeted marketing and program enhancements
- Created and operated Kent Scriber Advanced Clinical Update Series, a BOC EBP approved conference for ATCs (raises funds for the Kent Scriber AT Fund)
- Created and stewarded Kent Scriber AT Fund in 2014 to raise money for extracurricular, scholarship and professional related program initiatives. Contained >\$40,000 upon my departure to support the educational program, students and faculty development and education. To date, the KSATF now holds >\$100,000 and has funded over 40 students conference attendance (EATA and NATA) to present their research.
- Created the Emerging Clinical Scholar Grant, funded by the KS AT Fund to advance professional and scholarly interests of talented undergraduate AT students. To date, has funded attendance at national conferences for 2 recipients, and attendance at international conferences in London and Brussels for 4 recipients.
- Created the Mike Matheny Excellence in Clinical Education Award to recognize and award outstanding accomplishments and contributions to clinical education from our Clinical Faculty and/or Preceptors.
- Created the Jase Barrack Memorial Award to annually recognize one outstanding and dedicated Junior AT major.
- Mentored and assisted 10 successful promotions for our clinical and tenure eligible AT faculty, a 100% faculty promotion success rate.
- Conducted 3 successful CAATE re-accreditation cycles, with 1 non-compliance, total amongst the 3 studies.
- Conceived and co-created dual AT & DPT degree program for the School of Health Sciences & Human Performance, graduating >20 ATC, DPT professionals
- Conceived, lobbied, and received departmental and school department name change, from Exercise & Sport Sciences to Exercise Science & Athletic Training.
- Transformed AT Ed program into contemporary medical/health professions

education, utilizing best-practice curricular design, competency-based model, progress testing, and comprehensive programmatic assessment.

- Led successful research and planning process for the MS-AT degree transition including NYS DoE approval and CAATE self-study for Fall 2021 implementation.
- Created innovative Clinical Pod and Virtual Preceptor programs for Fall 2020 clinical education program adaptations to COVID-19 restrictions and institutional policy implementation (no athletics)
- Implemented evidence-based, workplace-based assessment clinical education plan with DOPS and MINI CEXs for transition to EPA based clinical education program.

Associate Member, Graduate Faculty (2012 – 2021)

- Department of Exercise Science & Athletic Training
- School of Health Sciences & Human Performance

2019-2022 *Board Member, Marietta College Alumni Association (Nominations & Awards Committee)*

2017-2022 *Advisory Board Member, Rocky Mountain University of Health Professions Doctor of Science in Health Sciences Program Advisory Board*

2013-Present *Adjunct Research Fellow, Rocky Mountain University of Health Professions*

2004-2005 **Georgia Southern University, Statesboro GA**

Assistant Professor

Coordinator, Sports Medicine-Athletic Training Education Member, Graduate Faculty, Jiann-Ping Hsu School of Public Health, College of Health & Human Sciences

Administrative Accomplishments:

- Achieved program re-accreditation from CAAHEP
- Expanded enrollment in BS, AT program by 25%
- Improved BOC first-time pass rates >98%

1998–2004 *Tenure Track Instructor*

Sports Medicine-Athletic Training Program Coordinator

Temporary Graduate Faculty Member (1998-2000)

Department of Health & Kinesiology, College of Health & Professional Studies
